

Job opportunities, trainings, tickets ... Join the Alumni Network!

Have you participated in an EIT Health programme or training, or received EIT Health funding for a project? Do you know that there is a multitude of benefits waiting for you?

The EIT Health Alumni Network is a multi-disciplinary community of innovators building the future of healthcare. In the network, you will be able to ...

- Participate in trainings of your choice
- Win free tickets to the main health summits in Europe
- Join Slack groups on topics of your interest
- Become a coach for fellow Alumni
- Receive exclusive job and internship opportunities from EIT Health Partners
- Design your own event in international teams

Since innovation is a multilayer endeavour, our network goes beyond health. At hackathons and joint summits, we link you to the Alumni communities of EIT Climate-KIC, EIT Digital, EIT InnoEnergy and EIT Raw Materials. Find our event highlights and opportunities of 2019 on our website.

The EIT Health Alumni Network has grown to a community of 1,000 members by tailoring our programme to the local needs of our members. Our events are designed by Alumni, for Alumni.

This is your opportunity to take the reins. Are you ready to shape the healthcare landscape and step up innovation in Europe with us?

If you have actively participated in an EIT Health activity, please register here.

www.eithealth.eu/alumni

We will process your registration and get back to you quickly.

Your EIT Health Alumni Board

Looking forward to meeting you!
