nuno.viegas@eithealth.eu

Website: <https://innostarter.eithealth.eu>

Apply under the following link: <https://eithealth.optimytool.com/en/>

Do you have an entrepreneurial mind-set with a prototype or minimum viable product (MVP) in the healthcare field? Would you like to validate your prototype or MVP in the market in the form of a competition?

Purpose of InnoStars competitions:

- To support the applicants in realizing next steps towards the market and shorten time-to-market for innovative products and services.
- To verify the need/benefit of the product/service for users/customers/payers/partners.
- To increase the possibility to attract private investment.

Is it for me? Eligible applicants and projects

InnoStars Awards programme is suitable for micro and small enterprises (according to EU SME definition), spin-offs and start-ups that already have a prototype or a MVP, but product/service is not on the market yet (no income) . The company must be incorporated/registered before the sub-granting agreement initiation.

Additional eligibility criterias are:

- All documents must be delivered and oral pitch should be presented in advanced level English
- Applicants must be available to spend at least 15 days for educational and mentoring purposes.
- Participation in bootcamps and mentoring sessions are obligatory with stable team (same team members should be involved on the bootcamps and mentoring sessions.
- Start-ups should be willing and capable to travel to other European locations during the training and mentoring.
- Submitted through EIT Health InnoStars registration platform, Optimy. Incomplete submissions, late submissions, or submissions via any other routes (e.g., email) will not be accepted.
- Applicants can apply only with legal entities from the following countries: Croatia, Czech Republic, Slovenia, Greece, Hungary, Italy, Poland, Portugal, Romania, Slovakia, Lithuania, Latvia and Estonia.

- Companies who received grant for the same project/service/product in 2016, 2017 or 2018 from InnoStars Awards, European Health Catapult or EIT Health Headstart funding are not eligible to apply for InnoStars Awards in 2019.
- Applicants cannot apply parallel for European Health Catapult or EIT Health Headstart funding in 2019.

In order to be eligible, proposals must contain all the required information, be completed via the online form and be received by the deadline 27th March, 2019, 16:00 (CET). Late or incomplete submissions, or submissions via any other routes (e.g., email) will not be accepted.

Programme elements and selection process

InnoStars Awards offers a 2-stage programme structure where both stages offer challenges, opportunities and valuable prizes for the best performing applicants.

Stage 1 – Mentoring and Training

Submit a high-quality application for InnoStars Awards competition to:

- win 20.000 € smart money¹

Practical issues

The following rules will be applied for all applicants and winners of InnoStars Awards:

- The language of the competition is English.
- Selection criteria:
 - Well-defined prototype or MVP
 - Fit with EIT Health strategic objectives
 - Novelty and feasibility of the approach
 - Value proposition
 - Potential market impact of the product/service
 - Qualified team with the capacity to bring the innovation to market
 - Impact of the opportunity in the local InnoStars Region
- Winners will sign a grant agreement with EIT Health InnoStars. Only established legal entities can sign the grant agreement.
- The purpose of the programme is to accelerate market entry and create new economic activity therefore applications to support research will be rejected.
- Clear IP and IP protection strategy needs to be reported
- Exit or growth strategy needs to be presented

Submit your application by 27th March 2019.

EIT Health is one of the largest healthcare initiatives worldwide.
